The Barton Abrasive Removal Tool

bart
BARTON ABRASIVE REMOVAL TOOL

The **Barton Abrasive Removal Tool—BART** is the first truly convenient, cost-effective and totally portable abrasive removal system available to the waterjet industry.

Achieves Removal Rates of Over 2,000 lbs per Hour!

- ▲ Simple
- ▲ Convenient
- ▲ Effective

No Downtime—Maximize Cutting

- Simply place the BART Wand between the slats to pump garnet while continuing to cut parts on the table

Easy to Use

- Simple to assemble and easy to operate—requires a 2.5-3.0 gpm, 2500-3000 psi pressure washer
- Efficient design combined with effective technology works hard so you don't have to

Low Maintenance

- No moving parts, pumps or filters; a single wear part—the replaceable Jet Nozzle
- Garnet is pulled up the Wand and discharged through the hose never coming into contact with the pressure washer

Portable—Use on Multiple Machines

- Lightweight and portable, the system can be used on multiple machines

Available Accessories

- BART 55 Gallon Drum with Attached Diffuser
- BART Portable Diffuser
